9 Simple Steps

to owning a new Dalyellup Lifestyle Village home

Call

Call or pop into the Village to see what the Village has to offer, and help us understand if this is what you are looking for

Choose

You can choose the site and the home design you like from the display homes we have available in our first stage. You can then secure your home and site for \$500, which is fully refundable.

Commit

Time to clean up your house and get it on the market. This is not as daunting as you think and we can help to make sure you get the best possible agents in your area so they are working for you.

Confirm

Now it's time to select colours and make any variations to your home design. A confirmation deposit of \$7000 is paid and the building cycle begins. At this point the deposit is nonrefundable because our design team has started work on your plans. Total deposit is now \$7,500.

Sign

Time to sign! Once the design team has drawn up your home, you can come in and check that we have completed the design as you planned. If you are happy, you sign the building contract.

Meet

Next step is to meet the manager! This is where you get to ask the Village Manager any questions you have about the village, the contracts or anything you wish, so when you move in, your transition can be as smooth as possible.

Fast Track

If you have 50% of the value of your new home available you can get the build started now and pay the balance on completion or at settlement of your existing home.

Settlement

Time to sign the lease and transfer the balance of funds

Frequently Asked Questions

Do I have to be retired?

A Lifestyle Village has a lot younger age group living there; so on average about 30% of people living in our Village will be still working at some capacity. We have designed the Village so a number of the homes suit those who would like to have a holiday house in Dalyellup, with the added advantage of a 5-Star Clubhouse to come to, rather than an empty house on a block out of town with a list of jobs to work through before you can start enjoying Dalyellup.

Do I own my own home?

Yes you do. Whether it's a new, display or established home you still own it.

Do I own the land?

You have a 60 year lease on the land. The real advantage is that you don't have the initial expense and purchase of the land.

Also as this is a lease, the Government doesn't charge you Stamp Duty and you'll receive a rent rebate if you are a pensioner.

Do I pay body corporate fees?

No you don't. We look after all the maintenance of the Clubhouse Village grounds and your front verge as part of your weekly rent.

Do I pay council rates?

No you don't, the council rates and rubbish removal are catered for in your weekly site fee.

Can I get federal government rent assistance on the age pension?

Depending on your personal financial circumstances, you may be eligible for Federal Government Rental Assistance to reduce the site fee. You will need to contact Centrelink or Veterans Affairs to find out what you are entitled to receive.

Are there other buying costs?

No.

What does the rent for the site cover and how much is it?

The Rent gives you the right to occupy the land where your home is situated for up to 60 years, and is used to pay the costs of running the community including the following:

- On-site Village Management team;
- Council and Water Rates.
- Maintenance of common garden areas and your front garden;
- Maintenance and running costs of the Clubhouse and other common facilities.

Under the agreement with MRLV, the weekly site fee is payable by direct debit each fortnight. The site fee is reviewed on 1 July each year and any increases are capped at CPI or 3.5% – whichever is greater.

Can I have a pet?

Yes you can – we understand how important the family pet is, as long as your pet is well behaved and not a nuisance to you or others.

What is the surrender fee about?

To help keep the home purchase price at an affordable level, Dalyellup Lifestyle Village recovers part of its costs for developing, running and maintaining the community when you sell your home. This payment is known as the Surrender Fee and is a scaled percentage, depending on how long you have been in the community. Your Surrender fee will be 4% par annum for the first 4 years and is capped at 16% after four years, and payment isn't due until you sell your home in the Village. This is a lot less than you would pay in a standard retirement village.

Do you have storage for my caravan?

Yes. We have a hardstand storage area within the Village with power and water to fill you van or boat and wash down after the holiday.

This is a limited space so please check with either the sales consultant or the Village Manager.

Are there any body corporate fees?

No

What happens if i don't like it?

If your situation should change within the first 12 months and you decide you would like to move out of Dalyellup Lifestyle Village, we will waive you first year Surrender Fee.
